Step 4– Once this information is submitted, you will receive a confirmation email from Member Services, which will look like the one below. Once you click on the secure link to activate your account, you will be directed into your Online Banking account. If you do not see the email, make sure to check your spam folders.

Please note that when you login again, the system will request the last four digits of your social security number for verification. You may change this multi-factor authorization to be an SMS code, or you may create a different challenge question. To do this, once logged in, go to General and Account Preferences.
